The W-STAR project aims to empower women with a history of migration and flight to make their voices heard by the relevant political decision-makers. The aim of the project is to get more women with a history of migration and flight involved in EU political processes. Our project started in September 2024 and is designed to run for two years. It is funded by the “Citizens, Equality, Rights and Values” (CERV) program of the European Union and is implemented in 4 countries (Germany, Italy, Netherlands and Cyprus) with 4 partners from civil society.

There will be exciting keynotes and workshops or World Café on the following topics:

- Political participation of women
- Discrimination and barriers to access
- Strategy for the formation of solidarity networks
